CUTTING-EDGE FILM

ARMOR POLY® film and its VCI Nanotechnology® offers unequalled performance protection. ARMOR POLY films are made from high-tech resins and cutting-edge extrusion technology and they are available in a variety of thickness and size specifications. ARMOR POLY film includes bags, sheets, rolls, tubes, elastic bonnets, gusseted liners and shrink film, in addition to other custom VCI poly products. Films are heat sealable and provide the combined benefit of barrier and anti-corrosion protection in a simple to use form.

ARMOR POLY® BENEFITS

EASY-TO-USE

rust prevention & containment/barrier

CONTINUOUS PROTECTION

up to 3 years rust-free protection

SAFE

non-toxic, recyclable, environmentally friendly

SEVERAL OPTIONS

rolls, sheeting, bags, tubing, shrink film

MULTIPLE FORMATS

available from 1 to 12 mils thick

SUSTAINABILITY

recyclable & in some cases reusable

INNOVATIVE TECHNOLOGY

available in high strength, long-term storage

READY TO SHIP

largest selection of stock products in the industry

SEEING IS BELIEVING

Bright Idea Technology™ provides visible proof of VCI

TAKING THE WORK OUT OF YOUR WORKDAY

CORROSION MANAGEMENT SOLUTIONS

ARMOR POLY® APPLICATIONS

No need for grease or oils on metal parts when you use our clean, dry ARMOR POLY VCI film packaging. All VCI products are recyclable and non-toxic. ARMOR POLY ranges from 1-12 mils in thickness and is manufactured to customized specifications of up to 26 feet wide. Use ARMOR POLY for a large variety of applications from inventory storage to in-process operations to domestic and export shipments. With proper use, metal parts can remain corrosion-free for years of storage.

BRIGHT IDEA TECHNOLOGY™

allows for glowingly visible proof that VCI is present in our ARMOR POLY® under black light.

ARMOR EXPERTISE

With more than 35 years in the business, Armor Protective Packaging® offers a full line of corrosion inhibiting VCI products that are clean, safe, easy to use and extremely effective.

ARMOR people and VCI solutions protect products and brands.
